

# Worries of Harm and Danger in Care

## Virtually Facilitated In-Service Training

### Course Description

This class provides caregivers an understanding of what happens when concerns are brought forward relating to a child or youth in their care. It gives an overview of the typical process, including information gathering, clarification, outcomes, next steps and what does it mean for them as a caregiver. There are a number of practical considerations and strategies that will be provided to help support caregivers through this process. Throughout the training, the focus will be on skill building and enhancing capacity in an effort to support best outcomes for children and youth.

### Learning Objectives

At the end of this module, you will:

- Have a better understanding of how and why worries may come forward.
- Understand phases of the assessment process.
- Know what to do when concerns are brought forward.
- Know possible impacts on caregivers and their family.
- Know resources and supports that are available to caregivers.

### Key Messages

**Resource five:** The A.F.K.A- Additional Supports

Insurance: The AFKA Insurance Rider program is designed to assist kinship and foster caregivers with damage over **\$10,000.00** (per occurrence) that was caused with intent by a child in their care. The caregivers must have insurance under their own homeowners or tenants insurance policy, but their insurer is refusing to pay for the damage. The deductible maximum payable for this plan is \$10,000.00.

\*For the purposes of accessing AFKA Programs, a \*Kinship Caregiver refers to a kinship caregiver who is an approved placement provider.\*

Also, caregivers are required under licensing to have a minimum of \$1,000,000 liability on their homeowners (or tenants) and vehicle insurances. It is a good idea for caregivers to discuss their insurance needs as a caregiver with their insurance agent.

Financial Assistance for Legal Costs: The Alberta Foster and Kinship Association (AFKA) and Children and Family Services have set up an agreement with The Legal Aid Society of Alberta, which entitles all approved caregivers access to legal services when they have been charged with a criminal offence arising out of their duties as a caregiver.

Under this program you have the right to access payment assistance (should you meet eligibility requirements) for legal counsel of up to \$100.00 per hour to a maximum of \$8,000.00 including disbursements.

**Resource six:** Counselling

You may need to do some searching to find a counsellor that meets your needs. Consideration should be given to any resources you may have available to you such as extended health care coverage, employee assistance programs and community resources. Some resources which may be beneficial include:
