Quick Start Guide

Explore purpose and goals

- Watch this video on the purpose and role of the toolkit.
 - · Reflect on where your agency is going with well-being impact assessment. How can this toolkit support you?

Join the Community of Practice

Fill out this form to join

- Check out the Impact Dashboard to see what others have shared
- Learn from others how they are using the toolkit to advance their agency's priorities

Explore principles for assessment

Watch this video

- Explore the principles for measurement on slide 18. How is your approach to assessing well-being similar or different?
- Is there a principle for measurement you might want to work on?

Reflect on domains of well-being

- Watch this video
- Explore the well-being domains on slide 30. How do your programs already support each domain?
- Is there a domain you haven't measured before?
- Explore the Menu of Indicators. With your team chose and adapt indicators to fill gaps.
- Explore indicators for agencies and staff. How could those support staff well-being and supervisory practice?

Share your impact on the **Impact Portal**

Listen to the Wayfinding with **Lobsticks story**

- Create an account for your agency
- Check out an example on slides 71-72.
- Reflect on your current assessments and reports: what can you learn from them about impact and outcomes in each domain?
- Gather stories of change or impact from youth, families, and staff. Select the story that best reflects your agency's impact in each domain.
- Using all the findings and stories gathered together, decide with your team how you will self-rate for each domain.

Join the winter count

 Decide with your team which story to share at the winter count that best reflects your agency's impact during the past year.
