

Quick Start Guide

Explore purpose and goals

▶ Watch this [video](#) on the purpose and role of the toolkit.

- Reflect on where your agency is going with well-being impact assessment. How can this toolkit support you?

Join the Community of Practice

✔ Fill out this [form](#) to join

- Check out the Impact Dashboard to see what others have shared
- Learn from others how they are using the toolkit to advance their agency's priorities

Explore principles for assessment

▶ Watch this [video](#)

- Explore the principles for measurement on slide 18. How is your approach to assessing well-being similar or different?
- Is there a principle for measurement you might want to work on?

Reflect on domains of well-being

▶ Watch this [video](#)

- Explore the well-being domains on slide 30. How do your programs already support each domain?
- Is there a domain you haven't measured before?

Share your impact on the Impact Portal

▶ [Listen](#) to the Wayfinding with Lobsticks story

✔ Create an [account](#) for your agency

- Check out an example on slides 71-72.
- Reflect on your current assessments and reports: what can you learn from them about impact and outcomes in each domain?
- [Gather stories](#) of change or impact from youth, families, and staff. Select the story that best reflects your agency's impact in each domain.
- Using all the findings and stories gathered together, decide with your team how you will self-rate for each domain.

Join the winter count

▶ [Listen](#) to the story about the winter count

- Planning for this event is underway and date is TBD-check the Well-Being Toolkit website for further details
