

Foster Care Program

Who:

- **YOU ARE** - Caring people from a range of diverse backgrounds, who have caring and support to offer children and youth who are in need of a safe, healthy home. Open to learning skills that includes goal planning with a trauma-informed lens.
- **WE ARE** - A team of professionals eager to guide you through the process and to support all of your foster care experiences.

What:

- Provide foster care in a home that helps children and youth to find belonging in a happy and healthy home.
- A foster care experience working with our team to provide well-rounded, compassionate care.
- Meeting the daily needs of children and encouraging healthy relationships.
- Attending training to learn and stay current with best parenting practices.
- Experiencing the enrichment that comes from helping children in need.
- Receiving non-taxable remuneration

When:

- As soon as requirements are met. These requirements include: an interview, and documentation to ensure there is a good fit.
- Foster placements may be of a short or long-term duration depending on the situation.

Where:

- Central Alberta

Why:

- Because life has challenges, and children and youth need help to get through difficult times in their lives.
- Because you have the desire to help vulnerable children and youth in your warm, loving home environment.
